

Thomas Dodman

Second Year at Thompson Rivers University

My name is Thomas Dodman I am a Simpcw First Nation member currently residing in Chu Chua. I am a second year student at Thompson Rivers University studying Human Kinetics to pursue a career as Physical Therapist. I have always been interested in how the body works and its functions, I hope to one day run my own facility for rehabilitation. In my spare time I have found a new passion for kickboxing. Thank you Simpcw Resources Group for the scholarship to assist in my studies.
